

View your **Facebook pictures** as **canvas** on your wall using **Augmented Reality**.
 You like the canvas? **BUY IT** at the best price and **start to decorate your home with your own art!**

Scan this QR code with your device to install the app, launch it, print this target, paste it on your wall, and start viewing your Facebook pictures as canvas.

To be sure you've printed the target without scaling (size 100%), check your credit card fits into this mark.

IMPORTANT: If you buy a canvas, make sure you print the target at 100% (no scaling) to view it life-size. If so, we'll print it in the exact size you are viewing

AUGMENTED REALITY
